

## Material 4

### Group 1

TOPIC: Talking with a child about his/her birth family.

- How to talk with a child about his/her good and bad memories?
- What is a communication barrier when talking to a child about his/her biological parents?
- How to break such barriers?

### Group 2

TOPIC: Solving problems.

- What is the children's image of their biological parents?
- What is the children's image of their foster parents?
- How to cope with discrepancies between a desired and a real image of biological and foster parents that children have?

### Group 3

TOPIC: Consultation on the process of education.

- How to prepare to talk about special events (birthday, holidays)
- How to cope with contradictory expectations at to a child's lifestyle management?
- How to help a child experiencing inconsistencies in his/her upbringing?
